Newton	0	1	1	2
Perry	0	1	0	1
Smith	0	0	1	1
Stone	0	1	0	1
Walthall	0	1	1	2
Warren	1	0	0	1
Out of State	1	4	4	9

Note: Includes one death that occurred in 2006 and excludes 5 deaths from 2005 and 2 deaths from 2006 that mentioned Hurricane Katrina but were probably unrelated.

* **Direct** - Cause of death only listed as "Hurricane Katrina Related Fatality"; injuries where it was either stated or was apparent that the injuries occurred during the storm

Indirect - Disease conditions exacerbated by conditions during or soon after the hurricane (heat, lack of power, transportation, etc.); injuries sustained while cleaning up hurricane debris

Possibly related - Information on the certificate makes it difficult to determine a probable association between the cause of death and Hurricane Katrina
